- A Flexible Spending Account, (or FSA), is a great way to reimburse yourself for eligible out-of-pocket health care and/or dependent care expenses with pretax dollars. Since money in an FSA is exempt from federal, most state and payroll taxes, you'll reduce your taxable income.
- FSA's are a great way to offset cost of eligible out of pocket healthcare expenses (including a long list of over the counter items) and /or Dependant care expenses.
- Health Care FSA offers the convenience of an FSA debit card for eligible expenses.
