Capstone Review AND Commander’s Verification
Career Readiness Standards (CRS) Checklist

***Post TRS***

Following the Transition Readiness Seminar (TRS), the next step is meeting regularly with the Transition Readiness staff to complete your Career Readiness Standards (CRS) in preparation for the final stage of the transition process - the Capstone event. **Capstone occurs in two stages:**

Capstone Review (recommended no later than 120 days from EAS), is where you and the Transition Readiness staff verify that you have met CRS and Transition Assistance Program (TAP) Compliance, and are ready for the final meeting with the Commander (or designee). Upon completion of the appointment, the Transition Readiness staff will send the Commander (or designee) a token email notification that you are ready for your final Commander's Verification appointment. **You will have access to your printable DD Form 2648 eForm only after the Commander (or designee) has electronically signed the form upon completion of your Commander's Verification appointment.**

Additionally, if you require or desire follow-on assistance, the Commander (or designee) will facilitate a "warm handover" to appropriate helping partners such as the Department of Veterans Affairs or the Department of Labor.
